

# Presentation at Third World Party Convention

**Dr. Sk Habibur Rahman**  
**World Party Bangladesh**  
**15 December 2019**

Respected Chairman World Party,  
Chairman of 3rd World Party Convention  
Directors, Delegates from different countries.

Ladies & gentleman. On behalf of my country Bangladesh I welcome you on this 3rd World Party Convention. I must pay my thanks & gratitude to our beloved President, most valuable man in front of us Mr Toshio Suzuki. He is really a man of honor, dedication and hard work. This kind of dedication and hard work is very rare in this world now.

Ladies and gentleman in this challenging world full of selfish people there are still few people who still think about others. One such man is Mr Toshio Suzuki who always think for other's peace and prosperity. He wants peace in this earth. He asked for weaponless, blood less world. He wants peace in this world.

Ladies & gentleman we came from different religions but at the end we are all humans, a single species. Our origin is the same, our blood is also same (all are having ABO group). So there shouldn't be any difference among our humanity. This is the time we should work for each other, we should think for each other. Everyone should think for everyone.

Ladies & gentleman if World Government Institute works effectively, people of the World will be benefitted by reducing and preventing the war. If we can establish weaponless world we can reduce the casualties as well as military expenditure. If we can establish common education, common use of credit and debit cards, we can use common currency as well as common World Central Bank's.

Ladies and gentleman, it is customary to establish relationship among the members country of World Party. Each Branch should organize a meeting once in a month & discharge their opening monthly through World Party News.

Ladies and gentleman, World Party Bangladesh launched its journey in the year 2015 under the leadership and guidance of our beloved World Party President Mr Toshio Suzuki, Japan. Since then we are working hard to establish the World Federation as well as World Parliament.

Thank you Mr President, president of 3rd international conference, president from different countries, delegates and organizers for giving your valuable time and listening to me.
